

LED Area Light/LED Flood Light

LED-757-L2

Product Description:

Utilizing a clean design formula the performance is appropriate for environments where elegance is required. With a strategic lens providing various light distributions along with newest generation of LED module, this fixture is sufficient to provide the desired illumination when required. Ideally used for illumination of walkways, parking lots, and other public places. This unit is uniquely designed with front hinged door frame for easy maintenance and it's own J-box for thru-wiring.

Optional mounting and Kelvin color* with adder.
