

LED Area Light

LED-6032

Slip Fitter

Pole Mount

LED Area Light

Wattage

Selectable

Proprietary Optical Control Specifically designed lens Type III, IV,

and V allow architects maximum freedom

to design any layout without restraint. These

optics are engineered for maximum light output.

Bi-Level Sensor Control

Fixture has the option to add an

maximum savings for the end-user.

occupancy sensor allowing

bi-level dimming and harvest dimming. This provides

LED-6032

COLOR

TUNABLE

3000K-5000K

Product Description:

This pole mount was designed to complement the fixture's aerodynamic shape.

Optional photocontrol allows for further energy saving.

Integrated Heatsink

Integrated cooling fin provides excellent thermal dissipation. This design allows the fixture to have extremely long lifetime hours.

Easy access to the control switch for a range of CCTs and wattages.

Door Frame

The door frame is designed with the installer in mind. It has a simple to use hinge access so allowing installers to be hands-free when entering electrical compartment. This saves time and money.

Product Description:

This slick and modern luminaire has been designed to be powered efficiently. With a beautiful slimline design along with one of the highest lumen performance on the market, this versatile fixture can be used as an area light. LED 6032 is ready to conquer the lighting landscape with included mounting options, surge protection devices, IOT photoscell capability, and the most technologically advance LED on the market.

Features:

LISTING

▶ UL and cUL listed

HOUSING

 \blacktriangleright One piece die-cast aluminum body with die-cast hinge panel for easy installation access.

LEDS

▶ The most technologically advanced LED chips in the market

FINISH

► UV stabilized powder coated finish

LENS

▶ Optional Type III, Type IV, Type VS optics

OPTIONS

- ▶ Optional 347V or 480V with adder
- ▶ Bi-Level Dimmable or Photocontrol optional available with adder
- ▶ Finish Bronze. Color option with adder
- ▶ Optional 10KV surge
